

This programme focuses on creative and design skills particularly in areas of graphic design, web design, photography, videography, sound, 2D and 3D animation.

The programme is aimed at those who wish to pursue a career in the digital media and understand the impact and implications of digital media and its association to technology. They will be able to work in most key areas of the creative industry ranging from post-production studios, web design agencies, animation houses to graphic design companies.

Entry Requirement

Admission to Politeknik Brunei programmes must satisfy the **Minimum Entry Requirement** of each programme. For reference, visit PB Website: http://www.pb.edu.bn/SiteCollectionDocuments/ER_2019_V3.pdf or scan the QR Code below:

Career & Progression

Career opportunities will include filmmaking, video editing, graphics design, multimedia design, web design, and 2D/3D animation.

Progression to a bachelor degree in ICT related areas at local or international universities. *subject to CGPA attained

“Digital Media is a very interesting program and it caught my interest when I first heard about it. The program taught me a lot in various creative areas such as graphic design, filming and photography, script writing, 2D and 3D animation. Another aspect that I find helpful was that, this program also adds Entrepreneurship and Project Management modules to help students be prepared for their future career especially when it comes to collaboration and teamwork.”

Nur E'zzati Hasyimah binti Roslan
2017 Award recipient - Academic Excellence
Award for School of ICT
