

QUALITY POLICY

ISO 9001 : 2015

Politeknik Brunei is committed to imparting *quality education* to our students through the implementation of efficient quality management practices.

We will *develop, implement and continually improve* a quality management system based on the framework of ISO 9001:2015 which embodies our vision to produce innovative, skilful and marketable graduates and our mission to equip students with sustainable skills through holistic and quality education in a supportive teaching and learning environment.

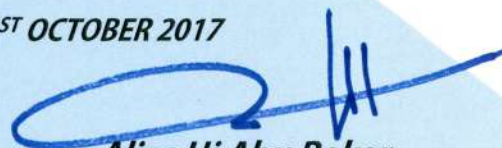

In pursuit of these commitments, Politeknik Brunei has adopted the following fundamental requirements:

1. Comply with all applicable statutory and regulatory requirements without any compromise.
2. Monitor progress against the achievement of Politeknik Brunei's stated goals, strategies and strategic programmes and constantly aim to achieve them.
3. Provide a conducive environment for quality teaching and learning and manage resources effectively.
4. Foster a culture of quality at all levels of the Politeknik Brunei community.
5. Use data and information including feedbacks from all relevant stakeholders to continually improve the performance of processes.
